### Q: What is the difference between a Seed Savings and a Money Manager?

A: Your Seed Savings is a basic savings account that holds your \$5 membership share. If you have over \$2,000 and are looking to earn some extra interest, our Money Manager is for you!

Money Managers (and Super Money Managers) are tiered savings accounts. As you cross the tier thresholds, your deposit earns more interest. While we secure the minimum balance, your funds are available whenever needed with no withdrawal penalty. Money Managers have a \$250 withdrawal minimum to encourage you to save and allow your money to grow.

Want to earn even more? Check out our competitive Certificate of Deposit (CD) rates. Open a CD in online banking today.
