

Be Aware of Money Mule Schemes

Scams are on the rise, using romance, job, or business opportunities to entice you to accept money on their behalf.

If you accept funds on behalf of a third party, especially with the purpose of sending it onto another person or bank, you may be involved in a money mule scam.

Common Scam Indicators:

- Asked to buy gift cards
- Depositing funds at a Crypto ATM
- Sent a check to cash, often with the instruction to invest or return a portion of the funds
- High pressure demands, threatening things such as jail or fines
- Broken promises, such as meeting up

Q: Can I get a loan on a vehicle I am buying from a person?

A: Of course! Used vehicles purchased from a person are still eligible for auto loans. If you are looking to purchase private party, let us know and we can help assess the car's value and purchase a discounted CARFAX report.

When buying used, the age and mileage of the vehicle will be the most important loan factors. You will want to check the title for any brands or liens. We will help arrange loan payoffs if needed.
